

Biscuit Decorations

For the Teddy Bears' Picnic Andrew decorated 20 biscuits.

He lined them up and put green icing on every second biscuit.

Then he put a red cherry on every third biscuit.

Then he put a white chocolate button on every fourth biscuit.

So there was nothing on the first biscuit.

How many other biscuits had no decoration?

Did any biscuits get all three decorations?

To help you to find the answer to this puzzle you can use:

Circles as biscuits

Green counters for icing

Red counters for cherries

White counters for chocolate buttons
