How much did it cost?

Dan bought a packet of crisps and an ice-cream.
The cost of both of them together is in one of the boxes below.

£1.85	75p	£1.74	£2.25	£1	£1.56
£2.10	80p	£1.80	£3.06	£1.44	£1.50
£1.60	£1.25	£1.20	90p	£1.45	£1.27

Use these clues to find out how much he paid:

1. You need more than 3 coins to make this amount.

2. There would be change from the most valuable coin.

3. The crisps cost more than 50p.

4. You could pay without using any copper coins.

5. The ice-cream costs exactly twice as much as the crisps.
